# **BIAS-BASED PROFILING REPORT**

---

## **2022**

**ROCKPORT POLICE DEPARTMENT**

## Executive Summary

Article 2.133 of the Texas Code of Criminal Procedure (CCP) requires Texas peace officers to report specific information related to motor vehicle stops they make to their employing agency, and Article 2.134 of the CCP requires the agency to compile, analyze and report that information to the Texas Commission on Law Enforcement (TCOLE) and the agency's governing body. Information related to motor vehicle stops required for collection, analysis and reporting includes 1) the driver's gender; 2) the driver's race or ethnicity; 3) the initial reason for the stop; 4) whether the officer conducted a search and if so, whether the search was consensual; 5) whether any contraband or evidence of a crime was discovered during a search along with a description of such contraband or evidence; 6) the reason for any search; 7) whether any arrests were made during the stop, and if so, for what charges; 7) the location of the stop; 8) whether the officer issued a verbal or written warning or a citation; and 8) whether the officer used physical force that resulted in bodily injury during the stop.

The Rockport Police Department is filing this “Bias-Based Profiling Report,” which includes its electronic “Racial Profiling Report” filed with TCOLE on February 10, 2023, with the Rockport City Council in accordance with the reporting requirements under Article 2.134 of the CCP. The analysis of data related to motor vehicle stops reported by Rockport police officers revealed the following:

- **A COMPREHENSIVE REVIEW OF THE ROCKPORT POLICE DEPARTMENT’S BIAS-BASED PROFILING POLICY SHOWED THAT THE AGENCY IS FULLY IN COMPLIANCE WITH ARTICLE 2.132 OF THE TEXAS CODE OF CRIMINAL PROCEDURE.**
- **A REVIEW OF THE AVAILABLE INFORMATION AND SUPPORTING DOCUMENTATION REVEALED THAT THE ROCKPORT POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH TEXAS LAW ON TRAINING AND EDUCATION REGARDING RACIAL PROFILING.**
- **A REVIEW OF AVAILABLE DOCUMENTATION AND PROCEDURES REVEALED THAT THE ROCKPORT POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW ON THE RACIAL PROFILING COMPLAINT PROCESS AND PUBLIC EDUCATION ABOUT THE COMPLAINT PROCESS.**
- **ANALYSIS OF DATA COLLECTION PROCEDURES AND PROTOCOLS SHOWED THAT THE ROCKPORT POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW ON THE COLLECTION OF RACIAL PROFILING DATA.**
- **ANALYSIS OF STATISTICAL INFORMATION FROM THE ROCKPORT POLICE DEPARTMENT REVEALED THAT THERE ARE NO METHODOLOGICALLY CONCLUSIVE INDICATIONS OF SYSTEMIC BIAS-BASED PROFILING BY THE AGENCY.**
- **THE ROCKPORT POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW CONCERNING THE REPORTING OF INFORMATION TO THE TEXAS COMMISSION ON LAW ENFORCEMENT (TCOLE).**

## **Introduction**

This report details an analysis of the Rockport Police Department's (RPD) policies, training, and statistical information on bias-based profiling for the calendar year 2022. This report has been prepared to specifically comply with Article 2.134 of the CCP regarding the compilation and analysis of racial profiling data. Specifically, the analysis will address Articles 2.131 – 2.134 of the CCP and make a determination of the level of compliance with those articles by the RPD in 2022. Full copies of the applicable laws and regulations pertaining to this report are contained in Appendix A.

This report is divided into six analytical sections: the RPD's bias-based profiling policy; the RPD's training and education on bias-based profiling; the RPD's complaint process and public education on bias-based profiling; an audit of the process for the collection of information by Rockport police officers; the compilation and analysis of the information collected; and a final section which includes completed data and information reporting forms required to be sent to TCOLE beginning in 2011.

For the purposes of this report and analysis, the following definition of “bias-based profiling,” to include “racial profiling,” is used: a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity (Texas CCP Article 3.05).

## **Rockport Police Department Policy on Bias-Based Profiling**

State law requires Texas law enforcement agencies to have policies and submit an annual report regarding “racial profiling.” The RPD is an accredited agency under the Texas Police Chiefs Association (TPCA) Foundation Accreditation Program, which requires accredited agencies to meet the state law standard and exceed it by enacting policies and submitting an annual report regarding “bias-based profiling.” Policies regarding bias-based profiling include racial profiling as well as other forms of discriminatory profiling such as gender bias, religious bias, economic bias, etc. As a TPCAF accredited agency, the RPD's policy meets and exceeds the minimum state law standard.

A review of the RPD's “Bias-Based Profiling Policy” revealed that the department has adopted policies in compliance with Article 2.132 of the CCP. There are seven specific requirements mandated by Article 2.132 that a law enforcement agency must address. All seven are clearly covered in the RPD's bias-based profiling policy. RPD policies provide clear direction that any form of bias-based profiling is prohibited and that officers found engaging in inappropriate profiling may be disciplined in accordance with RPD and City of Rockport Policies and Procedures up to and including termination. The policies also provide a very clear statement of the agency's philosophy regarding equal treatment of all persons regardless of race, ethnicity, or national origin. The RPD's Bias-Based Profiling Policy is included with this report in Appendix B.

***A COMPREHENSIVE REVIEW OF THE ROCKPORT POLICE DEPARTMENT'S BIAS-BASED PROFILING POLICY SHOWED THAT THE AGENCY IS FULLY IN COMPLIANCE WITH ARTICLE 2.132 OF THE TEXAS CODE OF CRIMINAL PROCEDURE.***

## **Rockport Police Department Training and Education on Bias-based Profiling**

Texas Occupation Code §1701.253 and §1701.402 require that curriculum be established and training certificates issued on racial profiling for all Texas peace officers. A review of RPD records revealed that racial profiling training and certification is current for all officers in 2022. The department has also identified officers who will need updated training in 2023 and has planned for those officers to attend the training. All RPD officers are trained and instructed on the racial profiling law in Texas. In addition, officers also receive mandatory cultural diversity training. All officers have been instructed on the policies and procedures regarding racial and bias-based profiling along with the accompanying complaint process as well.

***A REVIEW OF THE AVAILABLE INFORMATION AND SUPPORTING DOCUMENTATION REVEALED THAT THE ROCKPORT POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH TEXAS LAW ON TRAINING AND EDUCATION REGARDING RACIAL PROFILING.***

## **Rockport Police Department Complaint Process and Public Education on Bias-Based Profiling**

Article 2.132(b)(3) and (4) of the CCP requires that law enforcement agencies implement a complaint process on racial profiling and that the agency provide public education on the complaint process. Section V of the RPD's Bias-Based Profiling Policy covers this requirement. The RPD has also taken the following actions to ensure that the information relating to the policy disallowing bias-based profiling has been made known to the public:

1. Created a complaint form which is available at any time from any officer, at any time online on the department's website, or at any time at the lobby of the police station; and
2. Officers of the department have been instructed on racial profiling laws and are available to, and have on occasion, answered requests about those laws and complaint procedures.

The department received no complaints of bias-based profiling by its officers during 2022.

***A REVIEW OF AVAILABLE DOCUMENTATION AND PROCEDURES REVEALED THAT THE ROCKPORT POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW ON THE RACIAL PROFILING COMPLAINT PROCESS AND PUBLIC EDUCATION ABOUT THE COMPLAINT PROCESS.***

## **Audit of the Collection of Information by Rockport police officers**

Article 2.133 of the CCP requires Rockport police officers to report specific information from motor vehicle stops they make to the RPD in order for the department to compile and analyze the data from those stops for this report. Last year, deficiencies in how officers collected and reported information for stops they made, specifically stops in which no citation was issued, and which were not associated with traffic enforcement activities such as calls for service, driving while intoxicated, suspicious vehicle stops, etc., were found. Although none of these factors proved to have any bearing on the validity of last year's report in terms of indicating bias, racial or otherwise,

in the manner in which officers made motor vehicle stops, conducted searches, made arrests or used force during such stops, the department developed a new process to ensure each of these types of motor vehicle stops were correctly counted to ensure accuracy for this year's report.

***ANALYSIS OF DATA COLLECTION PROCEDURES AND PROTOCOLS SHOWED THAT THE ROCKPORT POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW ON THE COLLECTION OF RACIAL PROFILING DATA.***

## **Compilation and Analysis of the Information Collected**

Rockport police officers reported making a total of 4,559 motor vehicle stops during 2022.<sup>1</sup> The chart below depicts the number and percentages of people stopped by race or ethnicity, which is categorized under Article 2.132 of the CCP as: Alaska native or American Indian; Asian or Pacific Islander; black; white; and Hispanics or Latino.

The following chart compares the demographics of persons stopped by Rockport police officers with that of the populations of Aransas County and the City of Rockport, which is the largest city in Aransas County and the county seat. By a large margin, white drivers were most often stopped, comprising 68% of all drivers stopped. That figure is statistically correlated to the average

<sup>1</sup> Motor vehicle stops made by Rockport police officers in the Town of Fulton pursuant to the Interlocal Agreement Between the City of Rockport and the Town of Fulton for Assistance in Law Enforcement are reported by the Fulton Police Department on its annual racial profiling report. All information herein relates only to motor vehicle stops reported by Rockport police officers not in furtherance of this interlocal agreement.

population of whites within the county and the city. The next most frequently stopped drivers were Hispanic or Latino drivers, which constituted about 28% of all drivers stopped. That figure is also statistically correlated with the average Hispanic or Latino population between the county and the city. The 126 black drivers stopped accounted for less than 3% of all drivers stopped, and that figure too is within the average of the black population of the county and the city. Asian or Pacific Islander drivers constituted about 1% of all drivers stopped, and Alaska native or American Indian drivers accounted for less than a percent of all drivers stopped, both within their respective county and city population values.<sup>2</sup> Of the 4,559 total stops made, officers reported knowing the race of the driver prior to making the stop only 88 times.

The different rates within racial groups between U.S. Census figures and those stopped by Rockport police are not significant and can be accounted for by two factors. First, it is important to note that the racial and ethnic composition in the counties surrounding Rockport and Aransas County is significantly different. Specifically, the Hispanic or Latino populations of the surrounding counties are:

- Calhoun County – 49.4%
- Nueces County – 64.5%
- Refugio County – 50.6%
- San Patricio County – 58.5%<sup>3</sup>

<sup>2</sup> City of Rockport and Aransas County population figures were derived from the 2020 Census from the U.S. Census Bureau website.

<sup>3</sup> Surrounding county population figures were derived from the 2020 Census from the U.S. Census Bureau website.

Second, the economy of Rockport is based on tourism, and on any given day as many people visit Rockport as there are permanent residents. Additionally, during certain times of the year, Rockport's population can triple or even quadruple with the number of visitors. This is reflected by the fact that almost 48% of the motor vehicle stops reported by Rockport police officers in 2022 were of non-residents. Between these two factors, variation within groups is expected.

As the charts above show, easy determinations regarding whether Rockport police officers have "bias-based profiled" a given motorist are impossible given the nature of the data that has been collected and presented for this report. The law dictates that police agencies compile aggregate-level data regarding the *rates* at which agencies *collectively* stop motorists in terms of their race/ethnicity. These aggregated data are to be subsequently analyzed in order to determine whether *individual* officers are "bias-based profiling" motorists. This methodological error, commonly referred to as the "ecological fallacy," defines the dangers involved in making assertions about individual officer decisions based on the examination of aggregate incident level data. In short, one cannot substantiate that an *individual* officer has "bias-based profiled" any *individual* motorist based on the rate at which a *whole* department stops any given *group* of motorists.

Additional interpretation problems remain regarding the specific measurement of "racial profiling" as defined by Texas state code. For example, officers are currently forced to make subjective determinations regarding an individual's race based on his or her personal observations because the Texas Department of Public Safety does not provide an objectively-based determination of an individual's race or ethnicity on the Texas driver's license. The absence of any verifiable race/ethnicity data on the driver's license is especially troubling given the racial diversity within the city of Rockport, the racial diversity of the State of Texas and the United States, and because Rockport is a tourist destination. Article 2.133(b)(1)(B) requires officers to record a driver's "race or ethnicity, as stated by the person or, if the person does not state the person's race or ethnicity, as determined by the officer to the best of the officer's ability." The validity of any racial/ethnic disparities discovered in the aggregate level data becomes threatened in direct proportion to the number of subjective "guesses" officers are forced to make when trying to determine an individual's racial or ethnic background.

Finally, there has been considerable debate as to what the most appropriate population "base-rate" is in determining whether racial or ethnic disparities exist. As the current analysis shows regarding the use of city and county population base-rates, the outcome of analyses designed to determine whether disparities exist is obviously dependent on which base-rate is used. In addition, recent population changes in the city of Rockport exacerbates problems associated with determining appropriate base-rates because measures derived from the U.S. Census can become quickly outdated. Although this report utilized the most recent 2020 Census, the rapid growth of Rockport renders this data at least to some degree less than ideally reliable.

Related to the above, the determination of valid stop base-rates becomes multiplied if analyses fail to distinguish between residents and non-residents who are stopped, because the existence of significant proportions of non-resident stops will lead to invalid conclusions if racial or ethnic comparisons are made exclusively to resident population figures.

In short, the methodological problems outlined above point to the limited utility of using aggregate level comparisons of the rates at which different racial or ethnic groups are stopped in order to determine whether bias-based profiling exists within a given jurisdiction.

64.20% of the 4,559 drivers RPD officers reported stopping were male. The following graph separates drivers stopped by Rockport police officers by gender and delineates them by race or ethnicity.

The statute requires officers to report to their employing agency the reason for making a motor vehicle stop as one of the four following categories: Violation of law, pre-existing knowledge, moving traffic violation or vehicle traffic violation. The majority reason for motor vehicle stops was reported as vehicle traffic violations, or more commonly known as non-moving violations such as defective signal lights or expired registration, etc. No racial or ethnic minority group was disproportionately represented. Only on rare occasions, 9 in fact in 2022, were stops reported because of what the statute refers to as “pre-existing knowledge,” which the RPD has defined as when an officer stops a particular person because they know that particular person has an outstanding arrest warrant, does not have liability insurance, is driving with an invalid or no driver license, etc. It is unknown if these included any or all of the 88 instances in which officers knew the race of the driver prior to making a stop as discussed above. The following chart reports the reason drivers were stopped, delineated by race or ethnicity.

The following tables and charts report the total number of searches conducted by Rockport police officers pursuant to a motor vehicle stop, delineated by the driver's race or ethnicity, in 2022 as well as the reason for such searches (i.e., consent, incident to arrest, probable cause, or contraband in plain view). In the 48 cases in which contraband was found during a search, it was drug evidence in 28 instances. Additionally, one weapon was found, and alcohol was found four times. The remaining 15 items of contraband found were categorized as "other."

Additionally, the tables and charts below indicate the results of each of the 4,559 stops Rockport police officers reported in 2022 (i.e., citation, warning and/or arrest). Numbers of citations, warnings and/or arrests cannot be correlated to the number of stops and searches delineated by the race/ethnicity of vehicle drivers because often vehicle passengers are cited, warned and/or arrested in addition to or instead of the vehicle driver, and may or may not have been the same race/ethnicity as the driver. When vehicles are searched, gender and racial/ethnic information regarding the stop and any subsequent search are recorded for the driver, regardless of if only a passenger is cited or arrested. Such is in accordance with the state statutes.

In analyzing this data, Rockport officers conducted searches during 89, or 1.95%, of the total stops they reported in 2022 (89/4,559). The following table indicates the frequency at which each race or ethnicity was searched along with the frequency of those searches being consensual. Frequency of searches is expressed in the table below as a percentage of the total number of stops reported for each race or ethnicity and as a percentage of the total number of searches overall. Frequency of consensual searches is expressed as a percentage of the total number of searches for each race or ethnicity and as a percentage of the total number of consensual searches overall.

Most drivers stopped by Rockport police officers, regardless of race or ethnicity, were not searched, 98.05% in fact. In terms of citations issued on motor vehicle stops, racial and ethnic minorities were ticketed at rates correlating with city and county demographic compositions. Rockport police officers issued substantially more warnings than citations to all races and ethnicities. The following table provides this data.

	White	Hispanic/ Latino	Black	Asian/ P. I.	Alaska/ Indian	Total
Citations Issued	474(65%)	230(32%)	17(2%)	5(<1%)	0	726

Verbal Warnings	651(63%)	322(31%)	45(4%)	22(2%)	1(<1%)	1041

The following charts provide a graphic representation of the above information.

A total of 140 motor vehicle stops made by Rockport police officers in 2022 resulted in an arrest. The statute requires officers to report the reason for arresting during motor vehicle stops as based on the one of the following four categories: violation of penal code, violation of traffic law, violation of city ordinance or outstanding warrant. These categories do not encompass the entire possible reasons for which a Texas Peace Officer might arrest a person during a motor vehicle stop, so the RPD used the category of “violation of penal code” for any arrest other than one that narrowly fit the other three specific categories. Examples might include violations of the Texas Family Code, the Texas Health and Safety Code, the Texas Alcoholic Beverage Code, etc. The reasons for arrests reported by Rockport police officers during motor vehicle stops in 2022 are shown in the following table, delineated by race or ethnicity.

	White	Hispanic/ Latino	Black	Asian/ P. I.	Alaska/ Indian	Total
Penal Code	54	32	3	0	0	89
Traffic Law	0	0	0	0	0	0
City Ordinance	0	0	0	0	0	0
Outstand Warrant	28	23	0	0	0	51

Rockport police officers did not report any instances of using force resulting in bodily injury during a motor vehicle stop in 2022.

## **TCOLE Reporting Requirements**

On February 15, 2023, the RPD made its required electronic Racial Profiling Report to TCOLE on the TCOLE website. A printout copy of that report is included with this report as Appendix C.

***THE ROCKPORT POLICE DEPARTMENT IS FULLY IN COMPLIANCE WITH APPLICABLE TEXAS LAW CONCERNING THE REPORTING OF INFORMATION TO THE TEXAS COMMISSION ON LAW ENFORCEMENT (TCOLE).***

## **Summary**

The foregoing analysis shows that the RPD is fully in compliance with all relevant Texas laws concerning racial profiling, including the existence of a formal policy prohibiting bias-based profiling by its officers, officer training and educational programs, and a formalized complaint process along with required public education opportunities. Identified issues with the collection of data by Rockport police officers reported last year have been improved, and Rockport police officers continue to remain fully in compliance with the law and now have an enhanced process for reporting data resulting in a more accurate report for this year and going forward. Finally, internal records indicate that the department received no complaints regarding bias-based profiling for the year 2022.

In addition to providing summary reports and analysis of the data collected by the RPD in 2022, this report also included an extensive presentation of some of the limitations involved in the level of data collection currently required by law and the methodological problems associated with analyzing such data for the RPD as well as police agencies across Texas. The RPD will continue its educational and training efforts within the department on bias-based profiling. Furthermore, the department will conduct periodic evaluations to assess patterns of officer decision-making on motor vehicle stops.

## Racial Profiling Statutes and Laws

Art. 3.05. RACIAL PROFILING. In this code, "racial profiling" means a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.

Added by Acts 2001, 77th Leg., ch. 947, Sec. 2, eff. Sept. 1, 2001.

Art. 2.131. RACIAL PROFILING PROHIBITED. A peace officer may not engage in racial profiling.

Added by Acts 2001, 77th Leg., ch. 947, Sec. 1, eff. Sept. 1, 2001.

Art. 2.132. LAW ENFORCEMENT POLICY ON RACIAL PROFILING.

(a) In this article:

(1) "Law enforcement agency" means an agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make motor vehicle stops in the routine performance of the officers' official duties.

(2) "Motor vehicle stop" means an occasion in which a peace officer stops a motor vehicle for an alleged violation of a law or ordinance.

(3) "Race or ethnicity" means the following categories:

- (A) Alaska native or American Indian;
- (B) Asian or Pacific Islander;
- (C) black;
- (D) white; and
- (E) Hispanic or Latino.

(b) Each law enforcement agency in this state shall adopt a detailed written policy on racial profiling. The policy must:

(1) clearly define acts constituting racial profiling;

(2) strictly prohibit peace officers employed by the agency from engaging in racial profiling;

(3) implement a process by which an individual may file a complaint with the agency if the individual believes that a peace officer employed by the agency has engaged in racial profiling with respect to the individual;

(4) provide public education relating to the agency's compliment and complaint process, including providing the telephone number, mailing address, and e-mail address to make a compliment or complaint with respect to each ticket, citation, or warning issued by a peace officer;

(5) require appropriate corrective action to be taken against a peace officer employed by the agency who, after an investigation, is shown to have engaged in racial profiling in violation of the agency's policy adopted under this article;

(6) require collection of information relating to motor vehicle stops in which a ticket, citation, or warning is issued and to arrests made as a result of those stops, including information relating to:

(A) the race or ethnicity of the individual detained;

(B) whether a search was conducted and, if so, whether the individual detained consented to the search;

(C) whether the peace officer knew the race or ethnicity of the individual detained before detaining that individual;

(D) whether the peace officer used physical force that resulted in bodily injury, as that term is defined by Section 1.07, Penal Code, during the stop;

(E) the location of the stop; and

(F) the reason for the stop; and

(7) require the chief administrator of the agency, regardless of whether the administrator is elected, employed, or

appointed, to submit an annual report of the information collected under Subdivision (6) to:

(A) the Texas Commission on Law Enforcement; and

(B) the governing body of each county or municipality served by the agency, if the agency is an agency of a county, municipality, or other political subdivision of the state.

(c) The data collected as a result of the reporting requirements of this article shall not constitute *prima facie* evidence of racial profiling.

(d) On adoption of a policy under Subsection (b), a law enforcement agency shall examine the feasibility of installing video camera and transmitter-activated equipment in each agency law enforcement motor vehicle regularly used to make motor vehicle stops and transmitter-activated equipment in each agency law enforcement motorcycle regularly used to make motor vehicle stops. The agency also shall examine the feasibility of equipping each peace officer who regularly detains or stops motor vehicles with a body worn camera, as that term is defined by Section 1701.651, Occupations Code. If a law enforcement agency installs video or audio equipment or equips peace officers with body worn cameras as provided by this subsection, the policy adopted by the agency under Subsection (b) must include standards for reviewing video and audio documentation.

(e) A report required under Subsection (b)(7) may not include identifying information about a peace officer who makes a motor vehicle stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the collection of information as required by a policy under Subsection (b)(6).

(f) On the commencement of an investigation by a law enforcement agency of a complaint described by Subsection (b)(3) in which a video or audio recording of the occurrence on which the complaint is based was made, the agency shall promptly provide a copy of the recording to the peace officer who is the subject of the complaint on written request by the officer.

(g) On a finding by the Texas Commission on Law Enforcement that the chief administrator of a law enforcement agency intentionally failed to submit a report required under Subsection (b) (7), the commission shall begin disciplinary procedures against the chief administrator.

(h) A law enforcement agency shall review the data collected under Subsection (b) (6) to identify any improvements the agency could make in its practices and policies regarding motor vehicle stops.

Added by Acts 2001, 77th Leg., ch. 947, Sec. 1, eff. Sept. 1, 2001.

Amended by:

Art. 2.133. REPORTS REQUIRED FOR MOTOR VEHICLE STOPS. (a) In this article, "race or ethnicity" has the meaning assigned by Article [2.132\(a\)](#).

(b) A peace officer who stops a motor vehicle for an alleged violation of a law or ordinance shall report to the law enforcement agency that employs the officer information relating to the stop, including:

(1) a physical description of any person operating the motor vehicle who is detained as a result of the stop, including:

(A) the person's gender; and

(B) the person's race or ethnicity, as stated by the person or, if the person does not state the person's race or

ethnicity, as determined by the officer to the best of the officer's ability;

(2) the initial reason for the stop;

(3) whether the officer conducted a search as a result of the stop and, if so, whether the person detained consented to the search;

(4) whether any contraband or other evidence was discovered in the course of the search and a description of the contraband or evidence;

(5) the reason for the search, including whether:

(A) any contraband or other evidence was in plain view;

(B) any probable cause or reasonable suspicion existed to perform the search; or

(C) the search was performed as a result of the towing of the motor vehicle or the arrest of any person in the motor vehicle;

(6) whether the officer made an arrest as a result of the stop or the search, including a statement of whether the arrest was based on a violation of the Penal Code, a violation of a traffic law or ordinance, or an outstanding warrant and a statement of the offense charged;

(7) the street address or approximate location of the stop;

(8) whether the officer issued a verbal or written warning or a ticket or citation as a result of the stop; and

(9) whether the officer used physical force that resulted in bodily injury, as that term is defined by Section 1.07, Penal Code, during the stop.

(c) The chief administrator of a law enforcement agency, regardless of whether the administrator is elected, employed, or appointed, is responsible for auditing reports under Subsection (b) to ensure that the race or ethnicity of the person operating the motor vehicle is being reported.

Art. 2.134. COMPIRATION AND ANALYSIS OF INFORMATION COLLECTED. (a) In this article:

(1) "Motor vehicle stop" has the meaning assigned by Article [2.132](#)(a).

(2) "Race or ethnicity" has the meaning assigned by Article [2.132](#)(a).

(b) A law enforcement agency shall compile and analyze the information contained in each report received by the agency under Article [2.133](#). Not later than March 1 of each year, each law enforcement agency shall submit a report containing the incident-based data compiled during the previous calendar year to the Texas Commission on Law Enforcement and, if the law enforcement agency is a local law enforcement agency, to the governing body of each county or municipality served by the agency.

(c) A report required under Subsection (b) must be submitted by the chief administrator of the law enforcement agency, regardless of whether the administrator is elected, employed, or appointed, and must include:

(1) a comparative analysis of the information compiled under Article [2.133](#) to:

(A) evaluate and compare the number of motor vehicle stops, within the applicable jurisdiction, of persons who are recognized as racial or ethnic minorities and persons who are not recognized as racial or ethnic minorities;

(B) examine the disposition of motor vehicle stops made by officers employed by the agency, categorized

according to the race or ethnicity of the affected persons, as appropriate, including any searches resulting from stops within the applicable jurisdiction; and

(C) evaluate and compare the number of searches resulting from motor vehicle stops within the applicable jurisdiction and whether contraband or other evidence was discovered in the course of those searches; and

(2) information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.

(d) A report required under Subsection (b) may not include identifying information about a peace officer who makes a motor vehicle stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the reporting of information required under Article 2.133(b) (1).

(e) The Texas Commission on Law Enforcement, in accordance with Section 1701.162, Occupations Code, shall develop guidelines for compiling and reporting information as required by this article.

(f) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

(g) On a finding by the Texas Commission on Law Enforcement that the chief administrator of a law enforcement agency intentionally failed to submit a report required under Subsection (b), the commission shall begin disciplinary procedures against the chief administrator.

## I. POLICY

The Rockport Police Department is committed to a respect for constitutional rights of all people in the performance of our duties. Our success is based on the respect we show to the people with whom we come in contact and the respect they demonstrate toward law enforcement. To meet this goal, we shall exercise our sworn duties, responsibilities, and obligations in a manner that does not discriminate on the basis of race, sex gender, national origin, ethnicity, age, or religion. All people carry biases: in law enforcement, however, the failure to control our biases can lead to improper arrests, searches, and detentions, resulting in our failure to accomplish the mission of our department. Actions guided by bias destroy the trust and respect essential for our mission to succeed. Respect for diversity and equitable enforcement of the law are essential to our mission.

All enforcement actions, particularly stops of individuals (for traffic and other purposes), investigative detentions, arrests, searches and seizures of persons or property, shall be based on the standards of reasonable suspicion or probable cause as required by the Fourth Amendment to the U. S. Constitution and statutory authority. In all enforcement decisions, officers shall be able to articulate specific facts, circumstances, and conclusions which support probable cause or reasonable suspicion for arrests, searches, seizures, and stops of individuals. Officers shall not stop, detain, arrest, search, or attempt to search anyone based solely upon the person's race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group affiliation. Officers shall base all such actions on a reasonable suspicion that the person or an occupant of a vehicle committed or is committing an identifiable criminal offense.

Nothing in this order limits non-enforcement contacts between officers and the public.

## II PURPOSE

The purpose of this policy is to provide general guidance on reducing the presence of bias in law enforcement actions, to identify key contexts in which bias may influence these actions and emphasize the importance of the constitutional guidelines within which we operate.

### III. DEFINITIONS

Most of the following terms appear in this order. In any case, these terms appear in the larger public discourse about alleged biased enforcement behavior and in other orders. These definitions are intended to facilitate on-going discussion and analysis of our enforcement practices.

- A. Bias: Prejudice or partiality which may be based on preconceived ideas, a person's upbringing, culture, experience, or education.
- B. Biased policing: Stopping, detaining, searching, or attempting to search, or using force against a person based upon his or her race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group affiliation, or for any other reason without reasonable suspicion or probable cause.
- C. Ethnicity: A cluster of characteristics which may include race but also cultural characteristics or traits which are shared by a group with a common experience or history (ex. Hispanic).
- D. Gender: Unlike sex, a psychological classification based on cultural characteristics or traits.
- E. Probable Cause: Facts or apparent facts and circumstances within an officer's knowledge and of which the officer had reasonable, trustworthy information to lead a reasonable person to believe that an offense has been or is being committed, and that the suspect has committed it.
- F. Race: A category of people of a particular descent, including Caucasian, African, Asian, or Native American descent. As distinct from ethnicity, race only refers to physical characteristics sufficiently distinctive to group people under a classification.
- G. Racial profiling: A law-enforcement initiated actions based on an individual's race, ethnicity, or nation origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.
- H. Reasonable suspicion: Articulable, objective facts which lead an experienced officer to suspect that a person has committed, is committing, or may be about to commit a crime. A well-founded suspicion is based on the totality of the circumstances and does not exist unless it can be articulated. Reasonable suspicion supports a stop of a person. Courts require that stops based on reasonable suspicion be "objectively reasonable".

- I. Sex: A biological classification, male or female, based on physical and genetic characteristics.
- J. Stop: The detention of a subject for a brief period of time, based on reasonable suspicion. A stop is an investigative detention.

## **IV. PROCEDURES**

### **A. General responsibilities**

- 1. Officers are prohibited from engaging in bias-based profiling or stopping, detaining, searching, arresting, or taking any enforcement action including seizure or forfeiture activities, against any person based solely on the person's race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group affiliation. These characteristics, however, may form part of reasonable suspicion or probable cause when officers are seeking a suspect with one or more of these attributes. (TBP: 2.01)
- 2. Reasonable suspicion or probable cause shall form the basis for any enforcement actions or decisions. Individuals shall only be subjected to stops, seizures, or detention upon reasonable suspicion that they have committed, are committing, or are about to commit an offense. Officers shall document the elements of reasonable suspicion and probable cause in appropriate reports.
- 3. Officers shall observe all constitutional safeguards and shall respect the constitutional rights of all persons.
  - a. As traffic stops furnish a primary source of bias-related complaints, officers shall have a firm understanding of the warrantless searches allowed by law, particularly the use of consent.
  - b. Officers shall not use the refusal or lack of cooperation to justify a search of the person or vehicle or a prolonged detention once reasonable suspicion has been dispelled.
- 4. All personnel shall treat everyone with the same courtesy and respect that they would have others observe to department personnel.
  - a. All personnel shall courteously accept, document, and forward to the Chief of Police any complaints made by an individual against the department. Further, officers shall provide information on the complaints process and shall give copies of "How to Make a Complaint" when appropriate.

5. When feasible, personnel shall offer explanations of the reasons for enforcement actions or other decisions that bear on the individual's well-being unless the explanation would undermine an investigation or jeopardize an officer's safety.
6. When feasible, all personnel shall identify themselves by name. When a person requests the information, personnel shall give them their departmental identification number, name of the immediate supervisor, or any other reasonable information.
7. All personnel are accountable for their actions. Personnel shall justify their actions when required by appropriate authority.

#### B. Supervisor responsibilities

1. Supervisors shall be held accountable for the observance of constitutional safeguards during the performance of their duties. Supervisors shall identify and correct instances of bias in the work of their subordinates.
2. Supervisors shall use the disciplinary mechanisms of the department to ensure compliance with this order and the constitutional requirements of law enforcement.
3. Supervisors shall be mindful that in accounting for the actions and performance of subordinates, supervisors are instrumental to maintaining community trust in law enforcement. Supervisors shall continually reinforce the ethic of impartial enforcement of the laws, and shall ensure that personnel, by their actions, maintain the community's trust in law enforcement.
4. Supervisors are reminded that biased enforcement of the law results not only in mistrust of law enforcement but increases safety risks to personnel. Lack of control over bias also unnecessarily exposes the department to liability consequences. Supervisors shall be held accountable for repeated instances of biased enforcement of their subordinates.
5. Supervisors shall ensure that all enforcement actions are duly documented per departmental policy. Supervisors shall ensure that all reports show adequate documentation of reasonable suspicion and probable cause, if applicable.
6. Supervisors shall facilitate the filing of any complaints about law enforcement service.

7. Supervisors will randomly review at least three videos per officer (either body camera and/or in-car camera) per quarter. For this policy a “quarter” is defined as a 3-month period. Supervisors are not required to watch video of an entire shift; however, reviewing the footage of an incident in a manner intended to gain an understanding of that officer’s performance and adherence to policy and law is required. Supervisors will document the random review of video on the Officer Quarterly Video Review Log and any violations of policy or law will be addressed using existing internal affairs policy. (TBP: 2.01)
8. Section 7 above applies only to first-line uniformed officers and their immediate supervisors. In the absence of a first-line supervisor this responsibility will move to the next supervisor in the patrol division’s chain of command.

**C. Disciplinary consequences**

Actions prohibited by this order shall be cause for disciplinary action, up to and including dismissal.

**D. Training (TBP: 2.01)**

Officers shall complete training required by state law regarding bias-based profiling.

**V. COMPLAINTS**

- A. The department shall publish “How to Make a Complaint” packets and make them available at the Aransas County Public Safety Center and Rockport City Hall. The department’s complaint process and its bias based profiling policy will be posted on the department’s website. Whenever possible, the media will be used to inform the public of the department’s policy and complaint process.
- B. Complaints alleging incidents of bias based profiling will be fully investigated as described under Policy 2.4.
- C. Complainants will be notified of the results of the investigation when such investigation is completed.

**VI. RECORD KEEPING**

- A. The department will maintain all required records on traffic stops where a citation is issued or where an arrest is made subsequent to a traffic stop pursuant to state law.
- B. The information collected above will be reported to the city council annually.

C. The information will also be reported to TCOLE in the required format.

ROCKPORT POLICE DEPT. has adopted a detailed written policy on racial profiling. Our policy:

- 1) clearly defines acts constituting racial profiling;
- 2) strictly prohibits peace officers employed by the ROCKPORT POLICE DEPT. from engaging in racial profiling;
- 3) implements a process by which an individual may file a complaint with the ROCKPORT POLICE DEPT. if the individual believes that a peace officer employed by the ROCKPORT POLICE DEPT. has engaged in racial profiling with respect to the individual;
- 4) provides public education relating to the agency's complaint process;
- 5) requires appropriate corrective action to be taken against a peace officer employed by the ROCKPORT POLICE DEPT. who, after an investigation, is shown to have engaged in racial profiling in violation of the ROCKPORT POLICE DEPT. policy;
- 6) requires collection of information relating to motor vehicle stops in which a warning or citation is issued and to arrests made as a result of those stops, including information relating to:
  - a. the race or ethnicity of the individual detained;
  - b. whether a search was conducted and, if so, whether the individual detained consented to the search;
  - c. whether the peace officer knew the race or ethnicity of the individual detained before detaining that individual;
  - d. whether the peace officer used physical force that resulted in bodily injury during the stop;
  - e. the location of the stop;
  - f. the reason for the stop.
- 7) requires the chief administrator of the agency, regardless of whether the administrator is elected, employed, or appointed, to submit an annual report of the information collected under Subdivision (6) to:
  - a. the Commission on Law Enforcement; and
  - b. the governing body of each county or municipality served by the agency, if the agency is an agency of a county, municipality, or other political subdivision of the state.

The ROCKPORT POLICE DEPT. has satisfied the statutory data audit requirements as prescribed in Article 2.133(c),

Code of Criminal Procedure during the reporting period.
